By saying that God owns the cattle on a thousand hills is another way of saying that everything belongs to Him. He is the creator. He is specialized in creation.

He did it for Joseph in Bible. From prisoner to the palace. Joseph became the Prime minister of Egypt by God's favor. How can you explain the case of Joseph? He did not have all the political and economic credentials to qualify him as the PM of Egypt. But His God did it for Him. When the Lord begins to bless you, He will bless you. When He begins to move on your behalf nothing and no one can stop Him.

You will be grateful and not regretful. You are innovative and creative leader. I believe in you. I wrote this book in mind of you. You may know me, or you may not know me and you do not have to but the tools I put in your hands are timeless principles which works for whoever wills. They have worked for me and many that I have coached and still coaching.

For many years I was clueless and ignorant to these timeless truths and facts of life. One of the things I am regretful of, is that I did not have coaches and mentors earlier on to challenge my status quo. I feel like I really wasted a lot of time. I woke up a little bet late. That is why I am very passionate to raise the next generation of leaders who also in returns will train others.

If you don't know the value of something, you will not take it seriously. I did not know the value of coaching and mentoring as I do now. On a weekly basis I am being coached and mentored. You never graduate from the school of personal GROWTH. You keep growing to improve the quality of your thinking as it determines the quality of your living.

Indeed, I am so grateful to have connected to the right people who challenge my status quo and guide me through coaching and mentoring. A challenge for you: Who is speaking into your life? Who is challenging your status quo? Respond to these questions accordingly. If you are where I was before, the good news is that it is never too late to start. Leadership starts where you are. "The best time to plant a tree was 20 years ago. The second-best time is now." – Chinese Proverb.

In 2015 I became more intentional, and began to invest more time, energy, and resources into my personal GROWTH. It was not cheap, and either was it easy, but I was determined to begin the process, continue and finish well. Long story short, as I surrounded myself with world class and the best coaches, mentors, trainers and teachers, with time, I gained more knowledge, understanding, wisdom and my story changed.

Having received my Coaching certification credentials, I began to coach, mentor and do leadership trainings. Over the years I have invested thousands of hours in people's lives and acquired amazing experience and good and great skills of coaching and mentoring.

My vision is clear: Investing in peoples' lives. My mission is sure: inside out transformational leadership and a management. There is more work to be done from the inside of us than the outside. Many people want their circumstances to change, but they are not willing to change the inside.

I love my work and I do it joyfully and passionately. I must say though it is very demanding and yet still I find time to balance, recharge my batteries and keep going with my assignments from heaven. It is in serving your protégées that they become your great mentors. You learn from them. The rewards are amazing--you grow together and add value to each other and make a difference and become significant.

This is my story of how I progressed to write my first book: "Destined For Greatness. You have what it takes succeed". This book started as an idea which I carried for some time. It reaches a point where I said in my heart: "Enough is enough" and without further ado, I began writing, I continued until I finished it well. It has costed me time, energy and some good money to bring it out my heart and mind, to your hands.

The seed was writing, the harvest is the book. I am indeed very grateful for my entire teams behind this book who worked tirelessly to assist me. Dr. John C. Maxwell says: One is to a small a number to achieve greatness. It is written in God's word; One will chase a thousand and two will chase ten thousand.

It is longer my book but our book. "We made it"! To God be the glory and praise!!

My highest goal in my book, is to equip and empower you with timeless Kingdom principles of life that never fail if well applied.

I will give you guidance and will position you strategically to think and do things differently.

Over twenty-one years I have devoted my time and life to bringing changes to so many lives.

In this book you will read over fifty amazing testimonials of people who have been transformed.

I am on a mission to bringing clarity of purpose to your life, family, profession, business and much more. Yes, I will challenge you to make your vision clear. The poorest man on the earth is not the one without food, shelter or clothing's, but the man/a woman without a vision. Think of it. Do you have a vision? Do you have clarity of it?

King Solomon said in proverbs 29:18; where there is no vision, the people perish: but he that keeps the law, happy is he.

Some of the enemies that we will be confronting in some chapters of my book, includes laziness, cluelessness and ignorance. We can only fight these forces through knowledge, understanding, wisdom and study.

You are a transformational leader, and you are destined for greatness. You have what it takes to succeed. Good success is yours. Receive it and make use of it.

Psalm 119:130 says: The entrance of Your words gives light; It gives understanding to the simple. Joshua 1:8.

This Book of the Law shall not depart from your mouth, but you shall meditate in it day and night, that you may observe to do according to all that is written in it. For then you will make your way prosperous, and then you will have good success.

Ecclesiastes 10:10.

If the ax is dull, and one does not sharpen the edge, then he must use more strength; But wisdom brings success.

Thanks for your time and attention.
